We are Business Doctors

Tanabe Consulting Group is a management consulting firm with a long history in Japan. We were founded in 1957 and are listed on the Tokyo Stock Exchange Prime Market. With a total of 902 professional staff, the group has a track record of supporting around 18,900 large to medium-sized companies. We have constructed a management consulting value chain that can provide one-stop corporate management support in the management consulting field ranging from vision, M&A, DX and other strategy formulation assistance (upstream processes) to execution support on the front lines fully utilizing digital technologies (downstream processes). As a corporate "business doctor," Tanabe Consulting advances "team consulting" with teams comprising multiple professional consultants in accordance with the individual management issues.
